

COLD-SHRINK-SERIES

Cold Shrink Kits for Coaxial Connections

Product Classification

Product Type Cold shrink kit

General Specifications

Application Provides additional moisture seal for cable connections

Color Black

Material Specifications

Material Type EPDM rubber

Environmental Specifications

UV Resistance Test Method UV condensation reference ASTM-G-53, light source UVA 340 fluorescent lamp

UV Resistance, minimum with no degradation ≥ 1000 hours

Weather Resistance Test Method 04AS00-03.6.0 | MIL-STD-1344A, Method 1002
