

188B Backboard With Legs

Product Classification

Regional Availability	Asia Australia/New Zealand EMEA Latin America North America
Portfolio	CommScope®
Product Type	Backboard

General Specifications

Product Design	110
Color	White

Dimensions

Height	165.1 mm 6.5 in
Width	273.05 mm 10.75 in
Depth	122.428 mm 4.82 in

Material Specifications

Material Type	Flame retardant molded plastic
----------------------	--------------------------------

Environmental Specifications

Operating Temperature	-10 °C to +60 °C (+14 °F to +140 °F)
------------------------------	--------------------------------------

Packaging and Weights

Packaging quantity	1
---------------------------	---

Regulatory Compliance/Certifications
