RMG-MODULES

Base Product

RMG Plug-and-Play MPO modules, 12/24 fiber

- Modular design for maximum flexibility
- Plug and play solution allows for reduced installation skill requirments and greatly improves speed of installation
- Offered with LC (up to 24 ports) and SC (u to 12 ports) front interface and MPO rear interface

The RMG modular Plug-and-Play MPO modules can be used in any of the RMG series fiber eclosures in LC and SC connector styles in singlemode and multimode configurations. The modules are designed for easy installation and allow rapid deployment with less labour.

The RMG modular Plug-and-Play MPO modules are completely interchangeable between RMG panel products.
